

WAREHOUSE MANAGEMENT

Made faster and easier with state-of-the-art technology

Harte-Hanks Helps You Solve Your Warehousing Challenges

A different vendor for each step in the distribution process. Limited access to inventory reports. Being nicked and dimed for details such as faxes, bills of lading, overnight packages, and more. Poor quality control. Unresponsive service personnel. The list goes on and on.

If these warehousing headaches sound familiar, relief is here. At Harte-Hanks, we understand your pain. Most of our professionals have been on your side of the desk. That's why we offer a single-source answer to all your warehouse management needs. You benefit from:

- **Secure, state-of-the-art facilities** – our national transportation facility system is one of the few of its kind in the United States. Our 11 dispersed facilities provide food-grade and general commodity warehousing, parts distribution and inbound logistics that include pharmaceuticals and climate-controlled storage – plus cross-docking and freight consolidation services.
- **Just-in-time fulfillment** – reduce your carrying costs with our leading-edge routing system. Get just-in-time fulfillment of your orders with 100% delivery confirmation. Our processes and systems drive an integrated national transportation network that covers more than 60 million miles a year.
- **Integration of all your logistics needs** – Harte-Hanks is a leading provider of third-party logistics. More than 3.5 million shipments of time-sensitive materials are completed each year – on time, every time.
